MEMORANDUM FOR THE FILE:

Re: Purchase of the late
LUDWIG LORE's library.

I spoke with Mr. MUMFORD of the Bureau today with reference to the above entitled matter. I informed him that LUDWIG LORE was in contact with [] and now Mrs. LORE wants to sell it.

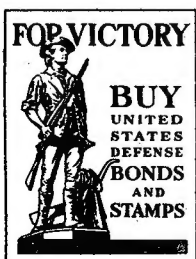

This library consists of a large number of books, pamphlets, newspaper clippings, etc. However, I informed Mr. Mumford that the newspaper clippings are not all identified as to what papers they were clipped from, and they are not mounted.

I advised Mr. Mumford that Sp. Agt. GRANVILLE, under pretext, together with Confidential Informant [] examined the library and obtained an inventory of it. Mrs. LORE is asking \$2,000. for the library and has indicated that she would prefer to sell the whole library all together, rather than part of it.

Although the Bureau probably has copies of some of the books, I advised Mr. Mumford that undoubtedly the Bureau would like to secure some of the books to add to their library. I suggested to Mr. Mumford that in considering a purchase of an item amounting to \$2,000. it would be our suggestion to have Agent Granville go down to Washington with the inventory he has, and consult with Mr. McIntre of the Bureau regarding the purchase of this library.

Mr. Mumford stated that he would call me back and let me know what the Bureau desires to do in connection with this matter.

INFORMATION CONCERNING

Dear Sir:

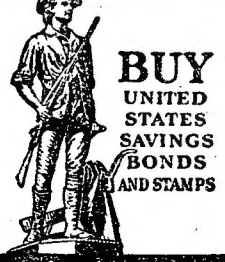

In keeping with the conversation of Special Agent R. R. Granville with Mr. K. R. McIntire of the Bureau on September 4, 1942, you are authorized to ascertain from Mrs. Lore whether she would be willing to dispose of that portion of the Ludwig Lore Library which she refers to as the pamphlets and magazines.

If she is willing to dispose of this material, you should ascertain the amount of money which she will desire in payment for the same. Thereafter, you should advise the Bureau in order that some determination might be reached.

RE: LUDWIG LORE LIBRARY;
INFORMATION CONCERNING

Dear Sir:

Reference is made to Bureau letter dated September 8, 1942 in the above captioned matter, requesting that this office ascertain from MRS. LORE whether she would be willing to dispose of that portion of the LUDWIG LORE LIBRARY which she refers to as the pamphlets and magazines.

MRS. LORE has been contacted and has advised that she would be willing to dispose of that section of the Library and has requested \$600 for all material listed as periodicals and pamphlets. Special Agent Robert R. Granville of this office has advised me that he believes this material can be obtained for approximately \$400.

In the event the Bureau desires the pamphlets and periodicals, it is suggested that the Bureau set the maximum amount which it will pay for this material, and then this office will obtain the same for as reasonable^{an} amount as possible.

Very truly yours,

P. E. FOXWORTH,

Re: LUDWIG LORE
INTERNAL SECURITY

Dear Sir:

The Bureau approves of the suggestion contained in your letter of July 17, 1942. It is extremely important for Bureau purposes to ascertain the nature of the material in the personal library of the late Ludwig Lore.

If it is possible, it would appear desirable to obtain a listing of the material in order that such a list might be compared with the Bureau's index to determine the identity of material in the Lore library which is not in the possession of the Bureau. Thereafter some determination might be made as to whether the Bureau would desire to purchase such data.

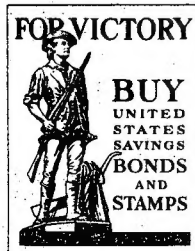

Please arrange to follow this matter in order that we may not fail to obtain a valuable collection if the same is obtainable.

Very truly yours,

INFORMATION CONCERNING

Dear Sir:

Confidential Informant [] has advised that Mrs. LORE has requested that the decision as to whether or not the LUDWIG LORE LIBRARY will be purchased be expedited.

She indicated to him that the New York Public Library and the library of Columbia University have indicated an interest in the library, but that she did not want to negotiate with them before she definitely ascertained whether or not he and his associates were interested in same.

It is requested that the Bureau advise this office in the near future as to what decision has been made in connection with the purchase of the pamphlets and periodicals contained in the library.

It will be recalled that by letter dated September 26th, 1942, captioned as above, this office advised that Mrs. LORE had requested \$600.00 for all the pamphlets and periodicals contained in the library.

Dear Sir:

Reference is made to Bureau letter dated October 9, 1942 in above captioned matter, Bureau file 62-69483, in which the New York office is authorized to pay up to \$300 for that portion of the LUDWIG LORE LIBRARY including pamphlets and magazines contained in the inventory delivered to Mr. K. R. McIntire by Special Agent Granville of this office.

Negotiations for this library were continued under pretext and arrangements were made to purchase the material referred to in reference letter for the sum of \$250. In addition to the pamphlets and periodicals, twenty-seven books relating to Communist activities which would be of use to agents of this office in connection with various investigation were purchased from Mrs. Lore. The purchase price of these books was \$30 and they are being retained in the library of the New York Field Division.

All the above material, purchase price of which was \$280, was purchased out of the special fund maintained by this office after authorization for such an expenditure was telephonically obtained by Special Agent in Charge T. J. Donegan from Mr. T. J. Scott of the Bureau on October 19, 1942.

MRS. LILY LORE.

Referring to Mr. Granville's instructions to report on developments in the disposal of the LORE clipping files:

MRS. LILY LORE phoned me at 5.30PM today and told me that she had seen the chief librarian of O.W.I. this morning. That the librarian had indicated that the asking price of \$ 500.- was a bit tooo high and had promised that if MRS. LORE reduced the price she had a good chance of obtaining a job as a research worker in O.W.I. at \$ 33.50 per week.

MRS. LORE then saw her son LEONARD CARLTON(KARL LORE) and the latter after disucssing the matter with ED BARRETT came back and told her that O.W.I. would probably purchase the files for \$ 400.- and give her a job at \$ 40.- per week in ED BARRETT's news department.

FOIA(b)(7) - (D)

Dear Sir:

Transmitted herewith are the original and one copy of the report of Confidential Informant dated November 9, 1942 pertaining to the above captioned matter.

The informant advised this office prior to the submission of the enclosed report that there was a possibility that the material contained in the Lore Clipping File, relating to the activities of the Communist Party would not be purchased by the office of War Information. Should the office of War Information purchase the entire clipping file, the material relating to the Communist Party dates back to 1932 and consists of clippings from the Daily Worker, New York Times, New York World Telegram and other newspapers, and it is not believed that the information contained in the clipping file would augment the information already in the files of this Bureau. However, should Mrs. Lore decide to sell this portion of the file separately, consideration would be given to the possible purchase of same in order that this material might not reach unauthorized or unscrupulous individuals who would attempt to capitalize on information contained in these clippings.

This matter is being followed closely and the Bureau will be advised of developments and specific authorization will be obtained from the Bureau before the purchase of any of these clippings.

Very truly yours,

P. E. FOXWORTH
